Who We Are

Nupur Singh Trading Company is a trusted name in logistics and trading solutions, active since 2009. We specialise in Exports & Imports, Cargo Screening, Logistics & Transport, Stevedoring & Handling, Mining Consultancy, and Minerals & Chemicals Trading.

As reputed iron ore exporters, our strength lies in deep industry knowledge, professional expertise, and a strong commitment to excellence, backed by a client-focused approach across every operation.

Head Office: J.K. Heights, Diagonal Road, Bistupur, Jamshedpur, Jharkhand, India

OUR MISSION

Connecting India's mineral and industrial supply base with global markets, ensuring quality, reliability, and sustainable trade practices.

OUR VISION

To be India's leading facilitator of mineral and industrial trade, enhancing supply chain reliability and contributing to regional economic growth.

What We Do

An end-to-end platform across trading, export, and logistics

Exports & Imports

Smooth, efficient, and hassle-free global trade facilitation.

Stevedores & Handling

Efficient, safe, and timely cargo handling operations at port.

Cargo Screening

Secure, compliant processing of goods & transportation.

Logistics & Transport

End-to-end transport services connecting mine to port.

Mining Consultancy

Expertise in professional mining consultancy.

Minerals & Chemicals

Trading across a broad base of minerals & chemical products.

Iron Ore Trading

Reputed iron ore exporters sourcing from India's leading mineral belts, with vertically integrated logistics support.

- **Product Focus**

Iron ore fines trading, sourced from Odisha and Jharkhand mineral belts.

- **Trade Terms**

Structured for FOB and CIF shipments, tailored to buyer requirements.

- **Integrated Handling**

Backed in-house by stevedoring, cargo screening, and logistics & transport services.

- **International Buyer Base**

Established trading relationships with buyers across Dubai, Singapore and international markets.

Iron Ore Sourcing Capability

Structured to meet buyer specifications from mine to shipment.

Supplier Network in Odisha

Established relationships across mines, crushers, and traders in Odisha's mineral belt.

Fe Grade

Ability to source various Fe grades, subject to buyer specifications.

End-to-End Coordination

Working closely with mines, crushers, traders, and logistics partners to keep supply reliable.

Domestic & Export Support

Equipped to support both domestic and export requirements.

Independent Quality Verification

Cargo verified through recognised third-party inspection agencies, when required.

Our Supply Chain

From mine to vessel - every stage managed end-to-end

Mine / Supplier

Sourcing origin across Odisha & Jharkhand mineral belts.

Quality Inspection

Grade and moisture verification before dispatch.

Transport to Loading Point

Road/rail movement to port-side stockyards.

Port Operations

Stevedoring, handling, and cargo screening.

Vessel Loading

Loading operations coordinated at berth.

International Buyer

Delivery to international buyers.

WE UNDERSTAND EXECUTION

Trading iron ore isn't just contracts and pricing. It's the physical movement of tonnage across every stage, and staying ahead of what can go wrong at any one of them.

- Ground presence at mining belts and loading points, not just paperwork
- Familiarity with rake availability, siding constraints, and seasonal disruptions
- Direct coordination with stevedoring and port handling teams
- Built to manage the gap between contract terms and on-ground reality

Quality & Compliance

Built for the standards international trade demands

Third-Party Inspection

Independent agencies verify cargo condition and quantity.

Assay Verification

Fe content, moisture, and size verified against contract terms.

Contract Compliance

Strict adherence to agreed terms, quality bands, and schedules.

Documentation Support

Accurate documentation maintained at every step of the transaction.

Export Documentation

Coordinating export paperwork, customs, and port formalities.

Loading Supervision

On-site supervision during loading to ensure cargo matches contracted specifications.

Industries We Serve

Supplying across the iron ore value chain, from mills to global buyers

Steel

Foundries

Metal Traders

Manufacturing

**International Commodity
Buyers**

Sponge Iron & Pellet Plants

Ferro Alloy Producers

Why Partner With Us

A single accountable partner across sourcing, quality, and delivery

Since 2009

Fifteen-plus years of continuous operation in trading and logistics.

Proven Execution

A track record of delivering on commitments across volumes and geographies.

Cross-Border Reach

Offices spanning India and the UAE.

Market Knowledge

Our understanding of the Indian iron ore market.

Supplier Network

Access to multiple sourcing channels.

Commercial Flexibility

Ability to work with different commercial structures.

Relationship Focus

Long-term partnerships rather than one-off transactions.

Client-Focused

A proven track record built on reliable, seamless service delivery.

OUR COMMITMENT

Reliable. Transparent. Responsive.

Reliable

Commitments kept, shipment after shipment.

Transparent

Clear communication at every stage of the deal.

Responsive

Fast turnaround on queries, documents, and issues.

Accountable

We stand behind every commitment we make.

Consistent

The same standard of execution, every time.

We believe sustainable business is built on trust, execution excellence, and long-term partnerships.
